Postgraduate Degree Lecturer in Artificial Intelligence (Level 7 Diploma UK Equivalent)

ACS International College Kenya is seeking a passionate and highly qualified Lecturer to join our faculty and deliver the Master's in Artificial Intelligence programme. This position offers a unique opportunity to teach and mentor postgraduate students, guiding them through advanced AI concepts, research, and practical applications in a rapidly evolving field.

About ACS International College

ACS International College is a premier institution located in Machakos, Kenya, offering internationally recognised qualifications and Kenyan-accredited training. Our mission is to create pathways to global careers by delivering world-class academics, practical training, and international exam coaching.

Position Overview

The Lecturer will be responsible for designing and delivering engaging lectures, research supervision, and practical AI workshops for Master's level students. The successful candidate will have expertise in areas such as machine learning, deep learning, natural language processing, AI ethics, and data science.

Key Responsibilities

- Deliver lectures, seminars, and practical labs across core and specialised AI modules.
- Supervise postgraduate research projects and dissertations.
- Prepare and update course materials, lesson plans, and assessments.
- Mentor students in both theoretical and applied aspects of AI.
- Promote an innovative learning environment incorporating the latest AI tools and research.
- Contribute to curriculum development and academic quality assurance.
- Engage in personal research and scholarly activities in AI-related fields.

Qualification Requirements

- A PhD or Master's degree in Artificial Intelligence, Computer Science, Data Science, or a related field.
- Proven experience in teaching or research supervision at the postgraduate level.
- Strong knowledge in AI domains such as machine learning, deep learning, NLP, robotics, and AI ethics.

ACS International College

- Proficiency in programming languages such as Python, R, or Java.
- Excellent communication, organisational, and interpersonal skills.

Desirable Attributes

- Industry or research experience in applied AI projects.
- Publications in peer-reviewed AI or data science journals.
- Experience with cloud-based AI platforms and tools.
- Ability to integrate real-world case studies into teaching.

Why Join ACS International College?

- Accredited by international and Kenyan education bodies.
- Access to modern computing and AI research facilities.
- Collaborative and research-driven environment.
- Opportunity to shape the future of AI professionals in Kenya and beyond.

Application Process

Interested candidates should submit their CV, cover letter, list of publications, and copies of academic certificates to hr@acs-college.org

Tel: +254 715467276/ +254 728023245

Website: www.acs-college.org

Address: Bob Grogan Park, Off Mombasa Road, P.O. Box 2960-90100 Machakos, Kenya

Applications will be reviewed on a rolling basis until the position is filled.
